SUMMARY OF MUNICIPALITIES IN ONTARIO

At the close of 1956

Cities (Counties 24, Districts 5)	29
Towns (separated from County)	8
Towns (Counties 100, Districts 47)	147
Village (Counties 145, Districts 10)	155

Total Local Municipalities	933
Counties (43)*	38
Metropolitan Toronto	1
Total Incorporated Municipalities	972
Commission (Counties 1)	1
	973

The northern portion of the Province of Ontario is divided into 11 Districts and the southern portion into 43 Counties. The union of the following counties, Leeds-Grenville, Northumberland-Durham, Prescott-Russell and Stormont-Dundas and Glengarry reduces the county administrations to 38 distinct units for local government. The districts, unlike counties, are not organized for municipal purposes and as a result, the 226 incorporated municipalities contained therein are not united for municipal administration.

With the exception of the 24 cities and the 8 separated towns which are located within counties, the remaining 675 local municipalities in counties are united for administration in the counties of which they form part. This relationship is for the purpose of the administration of inter-related interests such as education, roads, welfare and administration of justice. Members of the County Councils are composed of the Reeves of all the local municipalities within the county and in certain cases the deputy Reeves.

The 8 separated towns are: Brockville, Gananoque, Ingersoll, Prescott, Riverside, St. Mary's, Smiths Falls, Trenton.

POLICE VILLAGES

In addition to the organized villages listed elsewhere in the Ontario section of the Canadian Almanac, there are some 174 police villages.

A police village is run by a Board of Trustees elected by the residents. The Board of Trustees runs its local affairs, but cannot levy any taxes or make by-laws which involve the borrowing of money. It has to send in a requisition to the authorities of the township of which it is part for any finances it requires, such as for local improvements or lighting or village constabulary.

*There are 43 Counties some of which are united for purposes of local government as follows:
Leeds and Grenville,
Northumberland and Durham,
Prescott and Russell,
Stormont, Dundas and Glengarry.

METROPOLITAN TORONTO

The municipality of Metropolitan Toronto, by act of legislature, Bill 80 controls the following utilities in 13 autonomous, contiguous municipalities and urban townships certain roads in Metropolitan Toronto, Toronto Transit Commission, Metropolitan School Board, Metropolitan Toronto Planning Board, Works Department, Police Department.

The areas affected are: City of Toronto, Township of York, Township of North York, Township of East York, Township of Scarborough, Township of Etobicoke, Village of Forest Hill, Town of Leaside, Town of Mimico, Town of New Toronto, Village of Long Branch, Town of Weston, Village of Swansea.

IMPROVEMENT DISTRICTS

In 1943 The Municipal Act was amended to provide

for the incorporation of Improvement Districts having the municipal status of towns, townships or villages, administered by three trustees appointed by the Lieutenant-Governor in Council.

DATES OF MUNICIPAL ELECTIONS

Municipal elections in Ontario are held at various dates provided for by The Municipal Act, Chapter 266, R.S.O., 1937, sections 64-71 as amended.

Section 64 provides that the nominations shall be held at noon on the last Monday in December except when the last Monday is Christmas day in which case nominations shall be held on the preceding Friday, and the date for polling shall be the first Monday in January; unless council under authority of section 65, not later than November 1st, passes a by-law fixing dates during the period November 15th to January 2nd both inclusive for nominations and elections, said dates to be other than a Sunday or the 24th, 25th or 31st of December and provided the day fixed for nominations is not less than seven days prior to the day fixed for polling in force until repealed, but no appeal or amendment after 1st of November of any year.

In addition, when new municipalities are erected, the Municipal Board may set the date for the holding of their first elections.

COURTS AND JUDGES—ONTARIO

The Supreme Court consists of two Branches, viz. The Court of Appeal and The High Court of Justice.

The Court of Appeal hears appeals from decisions of the High Court and of the lower courts.

The High Court of Justice hears various cases, criminal and civil, and has a wider jurisdiction than the lower courts. A trial judge sits several times each year in the various counties and judicial districts.

The next lower Courts are the County and District Courts and the Division Courts.

One of the County Court Judges in every County is also the Surrogate Judge. The Surrogate Courts deal with wills, and estates of deceased persons.

Appeals may be taken in certain cases, from the Supreme Court of Ontario to the Supreme Court of Canada, and from County, District and Division Courts to the Court of Appeal.

The Exchequer Court of Canada tries cases with which the Crown is concerned, admiralty matters, patents, copyrights, trade marks, Dominion Revenue, railways under the authority of the Parliament of Canada, and railways not wholly within one Province, and disputes between Provinces.

There is an Ontario branch of the Exchequer Court, known as the Ontario Admiralty District.

CANADIANS TRAVELLING ABROAD

UNITED STATES IMMIGRATION REGULATIONS

Every person desiring to enter the United States for any purpose whatever, even for a limited time, must have (1) a passport or other travel document from the Government to which such person owes allegiance, and (2) a visa issued by an American Consular officer; excepting Canadians and British subjects having Canadian "Domicile" who may enter without passports or visas under certain conditions (for details see below).

Visas are of two kinds: (1) Immigrant visas, which are for permanent or indefinite residence in the United States, and (2) Non-immigrant visas, which are for temporary entry into the United States for definite short periods for business, pleasure, transit through, as a student, crewman, et cetera.

In connection with an application for a non-immigrant visa at United States consular offices in Canada, all persons with the exception of Canadian citizens and British subjects with "landed immigrant" status must present a passport or other travel document valid for at least six months beyond the contemplated initial period of stay in the United States.

BORDER CROSSING REGULATIONS

Canadian citizens and British subjects with "landed immigrant" status are not required to present visas, passports or border-crossing cards when entering the United States temporarily from Canada or from, and after a visit solely to some place in foreign contiguous territory or adjacent islands. Satisfactory evidence of identity and citizenship may be required and would comprise Canadian or British passports valid or expired, "landed immigrant" cards, Canadian birth or baptismal certificates, or Canadian certificates of naturalization.

Canadian citizens entering the United States temporarily from other than contiguous territory or adjacent islands do not require visas but must be in possession of unexpired passports.

British subjects with "landed immigrant" status in Canada entering the United States from other than contiguous territory or adjacent islands are required to present passports and appropriate non-immigrant visas.

In addition, everyone should be in possession of evidence establishing that he is in fact a bona fide temporary visitor. Letters of reference from the applicant's employer or husband's employer, or bank manager if in business for self, are the most satisfactory. Those desiring further information regarding entry requirements may call in person or write to the nearest U.S. Consulate. American consulates are located in Canada at the following places: Calgary and Edmonton, Alta.; Vancouver, B.C.; Winnipeg, Man.; St. John, N.B.; Halifax, N.S.; Niagara Falls,

Toronto, Ottawa, and Windsor, Ont.; Montreal and Quebec; City, Quebec; and St. John's, Nfld.

American citizens do not require passports to re-enter the United States but must satisfy the immigration officials that they are in fact United States citizens.

CANADIAN PASSPORT INFORMATION

Passports are issued in Canada at the Passport Office, 40 Bank Street, Ottawa. They are valid for five years and are renewable for one period of five years. Any person in possession of an old passport should submit it for inspection. Passport application forms are available at most Post Offices throughout Canada.

Visas when required as detailed hereunder are obtainable from the representative in Canada of the country to be visited.

Canadians visiting the United States for six months or less do not require a passport but proof of citizenship. Those entering the United States for the purpose of engaging in gainful employment should obtain both passport and visa.

Canadians entering Cuba and Ceylon as visitors for a period of less than six months require a valid passport but no visas.

Valid passports but no visas are required by Canadians visiting the following countries for a reasonable period of time: Mexico (Tourist Card also required), Norway, Bolivia, Commonwealth countries and most Commonwealth territories, La Martinique, Guadeloupe and French Guiana.

Valid passports but no visas are required by Canadians visiting the following countries for a period not exceeding three months: The Netherlands, Sweden, Denmark, Germany, France and Algeria, Italy, Turkey, Austria, Monaco, Argentina, St. Pierre and Miquelon.

Valid passports but no visas are required by Canadians visiting the following countries for a period not exceeding two months: Belgium, Greece and Tunisia.

Canadians travelling to other countries should communicate with the nearest representative of the country they wish to visit, for appropriate advice.

Nationals of Commonwealth countries who are not Canadians should apply for passports or renewals to the High Commissioner representing their country in Ottawa.

Canadians in British Commonwealth countries may obtain passports or renewals at the Offices of the High Commissioners for Canada in the respective countries.

Canadians in other countries may present applications re passports to the nearest Canadian posts. In cases of emergency, United Kingdom representatives will renew passports for limited periods.

Founded in 1880 by the Marquis de Lorne for the custody of diploma works of the Royal Canadian Academy and the formation of a national art collection, the National Gallery was incorporated in 1913 by Act of Parliament and placed in the care of five trustees responsible to the Minister of Public Works.

A new Act of 1951 transferred it to the Department of Citizenship and Immigration and increased the number of trustees to nine.

The Gallery houses a permanent collection of European, British and Canadian paintings, sculptures, prints and drawings, and holds temporary exhibitions as well. As part of its nation-wide program it organizes travelling exhibitions of the art of other countries, and sends shows of Canadian painting to all parts of the world, Radio broadcasts, lecture-tours, the distribution of colour reproductions and the lending of films, slides, reproductions and prepared lectures, are some of the means by which the Gallery extends its services across Canada.

In addition, the National Gallery maintains an Industrial Design Division, to encourage good design in Canadian manufacture by means of awards and scholarships, and to stimulate public interest through exhibitions. It has its own library, and keeps a photographic file of original Canadian designs.

THE NATIONAL MUSEUM OF CANADA, OTTAWA

The National Museum of Canada originated in the Geological Survey of Canada, which was founded in

1842 by Sir William Logan. Authority to designate it the "National Museum of Canada" was given by Order-in-Council P.C. 2615 of January 5, 1927. Formerly it was designated the Victoria Memorial Museum.

The National Museum exhibits collections illustrating the natural history of the Dominion; its Geology, Mineralogy, Palaeontology, Biology and Anthropology.

The study collections are open to research by properly qualified students. They include over 241,000 sheets of vascular plants, besides 62,300 cryptogams, 24,000 mammals, 40,000 birds, 10,000 specimens of amphibians and reptiles, smaller collections of fishes and numerous marine invertebrates; 110,000 archaeological specimens, 22,000 ethnological ones and 1,500 in Physical Anthropology. Folk song collections include phonographic recordings of 3,000 Indian, 7,000 French-Canadian, and several hundred British-Canadian songs. Scientific and educational publications on these subjects are available for distribution.

DIVISION OF ART AND ARCHAEOLOGY

Head, Professor A. D. Tushingham, B.A., B.D., Ph.D.; *Curators*, *Far Eastern Department*, Miss H. E. Fernald, A.B.; *Department of Ethnology*, K. E. Kidd, M.A.; *Greek and Roman Department*, Professor J. W. Graham, M.A., Ph.D.; *Modern European Department*, Professor G. Brett, M.C., M.A.; *Near Eastern Department*, Miss W. Needler, B.A.; *Textile Department*, Mrs. G. Brett; *Canadiana Collections*, Mr. F. St.G. Spendlove; *Chief Cataloguer*, Mrs. E. Lemelin, B.A.; *Chief Preparator*, W. Todd.

The large collections of this division, housed in 78 galleries, illustrate man's life, skills and arts through many centuries and in many lands—from the stone ages through the historical periods. The Near Eastern galleries document his earliest attempts to achieve an ordered, sedentary existence particularly in Egypt, Mesopotamia and neighbouring lands. Objects from Crete, Cyprus, Greece and Italy demonstrate the important pre-classical and classical heritage. The fine collection of Greek vases is particularly significant. The cultural history of Europe through the mediaeval and into the modern period is set forth in arms and armour, sculpture, ceramics, silver and glass, furniture, textiles, and costumes. Canada's cultural past is illustrated by textiles, furniture and wood carving in the main building and by paintings, prints and memorabilia in

the Sigmund Samuel Canadiana Collection housed in a separate building at 14 Queen's Park. The Far Eastern collection is of great importance with stress laid on Chinese bronzes, ceramics, jades, lacquers and tomb groups. The Ethnological collection is very large, illustrating the cultures of the American aborigines in North, Central and South America but containing important materials from all over the world.

Continually changing Special Exhibitions utilize both loan materials and objects from the Division's own collections to focus public attention on particular aspects of man's culture.

DIVISION OF GEOLOGY AND MINERALOGY—Professor V. B. Meen, M.A., Ph.D., *Head and Curator of Mineralogy*; Walter M. Tovell, B.A., M.S., *Curator of Geology*.

This division occupies three galleries. The exhibits in the two geology galleries are being rebuilt. As they are completed, they will be opened to the public.

The south gallery contains an unusually complete series of minerals from all parts of the world as well as a special collection of Canadian minerals; collections of cut gems, crystals, meteorites, rocks; and a special series to illustrate the mineral association found in deposits of gold, silver, lead, zinc, radium and nickel, as well as certain non-metallic series. Among the popular exhibits are a reconstructed crystal cave and a collection to show the fluorescence of minerals.

A large part of these collections has been presented by persons connected with the mining industry.

DIVISION OF ZOOLOGY AND PALAEOLOGY—F. A. Urquhart, M.A., Ph.D., *Head and Curator of Entomology*; Madeleine A. Fritz, M.A., Ph.D., F.R.S.C., *Curator of Invertebrate Palaeontology*; L. L. Snyder, *Curator of Ornithology*; R. L. Peterson, M.Sc., Ph.D., *Curator of Mammalogy*; W. B. Scott, Ph.D., *Curator of Ichthyology and Herpetology*; E. B. S. Logier, *Associate Curator of Ichthyology and Herpetology*; W. B. Wiggins, M.A., *Assistant Curator of Entomology*; L. Sternberg, *Associate Curator of Vertebrate Palaeontology*; G. Edmund, M.A., *Assistant Curator of Vertebrate Palaeontology*; T. M. Shortt, *Chief of Art and Exhibits*.

The portion of the division devoted to the study of Zoology has exhibits which are arranged in two galleries, one showing a representative series of animals foreign to Canada; the other, a fairly complete series of Canadian animals. In the introductory portion of the Canadian gallery special exhibits are arranged including realistic reproductions of scenes showing animals as they are found in nature.

Aside from the division's teaching exhibits, it possesses extensive study collections. These are richest in Canadian forms.

The portion of the division devoted to the study of Palaeontology contains extensive series of Invertebrate fossils arranged to illustrate the anatomy and classification of the different zoological branches, and to indicate the important faunas of the geological ages. Vertebrate fossils are represented by numerous reptiles and by an excellent collection of mammals and fishes. The mounted skeletons of dinosaurs from Alberta are a feature of special importance. Fossil plants are shown by good series of Carboniferous, Cretaceous and Interglacial forms.

Much unique material is included in the exhibits, the numerous type specimens of particular value, e.g., Matthew's types of Cambrian fossils from eastern Canada and type dinosaurs from the Cretaceous formations of Alberta.

The walls of the galleries of invertebrate palaeontology are decorated with an elaborate series of paintings portraying successive stages in the development of the earth. They emphasize particularly the animals and plants of past ages.

DIVISION OF EDUCATION—Norma Heakes, B.A., *Supervisor*.

This Division is responsible for the services to elementary and secondary school children in the Divisions of Archaeology, Mineralogy and Geology and Zoology and Palaeontology. Through this Division, the Museum offers teaching services and travelling collections to classes in distant parts of the Province. An adult education programme is presented through Sunday afternoon film showings and evening lecture courses.

THE SYNAGOGUE IN CANADA

The Jews of Canada number 204,836 (Census 1951). There is no federation of synagogues in Canada. Each synagogue is autonomous, is responsible to no superiors, affiliated with no hierarchy. Any group of Jews may form a synagogue, which does not necessarily require the services of a rabbi, any individual being eligible to lead in the recital of prayers.

There are three tendencies evident in Judaism—orthodox, conservative and reform. The orthodox tendency parallels the fundamentalist movement in Christianity; the reform tendency is modernism in Judaism; the conservative tendency is the middle movement.

The Holy Blossom Synagogue of Toronto, the Temple Emanu-El of Montreal, and the Anshe Sholom Synagogue of Hamilton are affiliated with the Union of American Hebrew Congregations, the federation of reform synagogues. The Shaar Hashomayim Synagogue of Montreal, the Beth Tzedec of Toronto the Adath Israel Congregation of Montreal and Beth Israel of Vancouver are affiliated with the United Synagogue of America (conservative). Most of the Canadian congregations are unaffiliated with any parent organization. These parent organizations have no authority over their constituent members.

THE FISH symbol — used as an

early Christian device — is now associated more with relaxation in the northlands. The use of symbols, either abstract letterforms or pictorial representation is constantly subject to change. At Mono Lino we stock types whose inspirational origin is based on the incised capital letter form of the 1st century A.D. through the black letter of the pre-renaissance scribes to the sans serifs of the 20th century.

The Royal Military College reopened in September 1948 at which time both that college and Royal Roads became tri-service colleges. College Militaire Royal de Saint-Jean was opened at St. Jean, P.Q. in September 1952. Two types of courses are offered; general and engineering. In the final two years of the latter course a cadet may specialize in one of Civil, Chemical, Mechanical or Electrical Engineering, or in Engineering Physics. Graduates may enter the final year of their respective engineering courses at certain Canadian Universities.

Canadian Labour Congress

100 Argyle Ave., Ottawa 4, Ont.

In April, 1956, the Trades and Labor Congress of Canada and the Canadian Congress of Labour held a merger Convention in the City of Toronto. Out of this merger Convention there was established one trade union centre known as the Canadian Labour Congress.

This new Congress is composed of affiliated International and National Unions and their local unions and lodges, and directly chartered Provincial Organizations, Provincial Federations of Labour, Labour Councils and Directly chartered unions.

At the time of its establishment, the Canadian Labour Congress included the following:

	No. of Locals	Number of Members
94 International Unions	3,423	804,931
13 National Unions	1,102	130,499
9 Provincial Organizations	128	26,198
Chartered Unions	375	43,041
Totals	5,028	1,004,669

16 Provincial Federations of Labour

6 Joint Councils and Federations

118 Labour Councils

A total of 5,028 local unions with 1,004,669 members.

In regard to Provincial Federation of Labour and Labour Councils, where two organizations exist in one province or one city or town, these organizations are now in the process of merging.

Most of the Canadian locals and lodges which, in the United States, are affiliated with the American Federation of Labor-Congress for Industrial Organizations, are affiliated with the Canadian Labour Congress.

The Institute is a private organization supported by some Government grants and public subscriptions. Its Employment Department trains and places blind men and women in general business and industrial positions. It operates sheltered shops to afford employment for blind men and women who, because of age, physical handicaps, or personal preferences cannot work in regular industry. It controls tobacco stands, news stands and industrial cafeterias, managed by the sightless. It gives instruction in Braille reading and writing, typewriting and handicrafts. It supplies raw materials at cost and provides facilities for the sale of articles made by home-workers. It maintains libraries of Braille and Talking Books. Every division has a social service department, and in some of the larger cities (22) there are residences and rehabilitation centres for the blind. The Institute is also active in preventing blindness wherever possible. C.N.I.B. maintains a year-round recreation program as a means of adjustment and development for the blind.

A Life-Long Fisherman Recounts his Catch

Silken Lines and Silver Hooks

by WILLIAM SHERWOOD FOX

Author of "The Bruce Beckons", "Tain't Runnin' No More"

THESE are the cheerful and lively reminiscences of a lifetime of fishing—as fresh and zestful as a Great Lakes breeze. All the readers who have come to know and enjoy Dr. Fox’s charming and humorous style will warmly welcome these tales of forgotten fishing lore and of fishermen’s foibles. They have in them the very essence of Canadian waterways and woodlands.

Under this provision, the following classes of goods imported into Canada, shall be thus marked or labelled in legible English or French words, and such markings shall be as nearly indelible or permanent as possible, viz.:—

"The containers, labels, stickers or wrappers, described on this entry are imported bona fide by the undersigned to contain or to be attached to goods for export, and will be exported with such goods."

Imported containers, labels or wrappers, printed or lithographed, intended to be filled with or used upon domestic products may be marked in such a manner as to indicate the origin of the goods in their condition as imported, for example: "Label printed by John Jones, New York," thereby avoiding an improper imputation of origin in respect of the Canadian manufactured goods with which such imported containers, labels or wrappers are used.

DRAWBACK ON GOODS IMPORTED INTO CANADA AND EXPORTED THEREFROM

1. The drawback shall be paid to exporter of the goods.

4. Claims for drawback submitted on and after September, 1, 1946, shall not cover goods exported for a period of more than twelve consecutive months and must be filed with the Collector and complete evidence attached thereto within a period of six months from the date of the last export entry covered by the claim. Nothing in these regulations shall be deemed to alter or amend the law, or to affect any discretion vested in the Minister with respect to the payment or non-payment of drawbacks, and the Minister shall be the

6. The exportation of deer in the carcass or parts thereof, being the property of a provincial government, may be permitted without the declaration provided in Section 4 hereof upon the Collector of National Revenue or other officer of Customs being furnished with a certificate signed by a duly authorized officer of the provincial government concerned to the effect that the deer or parts thereof proposed to be exported are the property of the provincial government.

For this purpose, the importer may deposit with the Collector of Customs a bond or money sufficient to pay the duty and taxes, and the required entry must be completed within ninety-six hours. When arrangements have been made to deliver goods on this basis, the importer must present his invoice to the proper Customs Officer at the point of arrival, for checking purposes, and must be sure entry is made within the ninety-six hour period, otherwise the arrangement may be cancelled and the deposit seized. Perishable goods are considered to be fruits, vegetables, fish and such like goods that are subject to decay. Similar arrangements can be made for the delivery of newspapers and periodicals.

Poultry, Dressed:—No person shall import dressed poultry into Canada unless such poultry has been graded and packed and the boxes marked in accordance with the Regulation respecting the Grading and Marking of Dressed Poultry. No more than twelve birds shall be packed in any one box.

Perfecting entries. Sight entries must be perfected as well as entries on Form B1, on which duty is paid, pending production of certificate under Customs regulations for free entry of same, and for which a refund of duty is applied for. (See also Sight Entries on page 791.)

Pineapple, canned, grading below "Choice Quality" is prohibited except when imported in containers of not less than one half gallon capacity for re-manufacturing purposes.

Articles, when imported into Canada temporarily for repairs, adjustments or to be tested, may be admitted without duty or taxes; provided that the articles are such as can be satisfactorily identified and that a deposit or acceptable bond for double

the amount of Customs duty and/or taxes be delivered to the Collector of Customs and Excise as security for the exportation of the articles under Customs supervision, or the due entry thereof for consumption, within six months from the date of importation.

Refund of Duty.—No refund of duty paid shall be allowed because of any alleged inferiority, or deficiency, or omission, unless reported to the collector within thirty days of the date of entry or delivery or landing, and the said goods have been examined by the said collector or by an appraiser or other proper officer of Customs, and the proper rate or amount of reduction certified by him after such examination.

- (3) Proof of export furnished.
- (4) Must be accompanied by export entry in triplicate.

- (6) Copy of waybill signed by carrier, also copy of export entry duly certified to by Customs officer at port of exit must be annexed to refund claim.

Refund on goods damaged in transit, duty having been paid on the entire shipment according to the invoice, it will be necessary to bill the railway or inland carriers for the amount of the duty in addition to the value of the goods. It will then be up to the railway to produce a short landing certificate from the ocean carriers if the goods are from overseas, or a proof that the goods were lost or destroyed beyond the confines of Canada. When this proof is produced it must be attached to the refund claim.

Samples, Travellers'—(1) Imported samples (not Canadian produce or manufacture) such as are carried by commercial travellers intended solely for use in taking orders for similar merchandise and not for sale, together with the trunks and other packages containing same (except when of "no commercial value") are subject to ordinary duty and taxes at each time of importation, but not to special duty in addition thereto; provided, however, that the trunks in which samples are contained may be admitted free after payment of duty and taxes on first importation, if identified to the satisfaction of the Customs Officer.

- (2) Commercial travellers are required to deliver to the Customs Officer for entry purposes a properly certified invoice or a statement in detail, showing the price (wholesale) of each sample as sold for home consumption.
- (3) Cards, portfolios, pasteboard boxes or other coverings containing articles obviously for use only as samples to sell by and having no commercial value, may be admitted free of duty and taxes.

Special Regulations Respecting Samples from British Countries and from Most Favoured Nation Countries.

When such commercial travellers' samples are imported temporarily direct by non-residents of Canada from any British country or from any country entitled to most favoured nation treatment in tariff matters by Canada, they may be admitted upon deposit of a sum equivalent to the duty and taxes thereon, such deposit to be subject to refund on the exportation of samples under Customs supervision within twelve months from the date of Customs entry. The importer shall make and subscribe to a declaration on the face of the temporary entry that the goods described therein are bona fide samples for use only in taking orders for merchandise and are to be exported within twelve months.

When the samples are marked by a Customs Officer for identification and the temporary entry duly completed, the Collector may issue his permission for the release of the samples

upon receiving the required deposit from the importer.

If all of the samples are not exported a deduction shall be made from the deposit equivalent to the duty and taxes payable on the samples not exported.

Samples admitted to temporary entry on deposit under the special regulations respecting samples from British and Most Favoured Nation Countries may be taken to the United States by the traveller and returned to Canada merely upon report at Customs at any time within twelve months from the date of the temporary entry. On their return the samples may be admitted without entry if, upon being checked by a Customs Officer against the copy of the temporary entry and invoice in possession of the traveller, the officer is satisfied that the samples are those referred to in such temporary entry.

CUSTOMS PROCEDURE, ETC.

EXPORTING TO THE UNITED STATES

The customs laws of the United States, governing the importation of goods, very materially differ from ours. They have no such thing as the manifesting system such as we have, and all merchandise is supposed to be entered at the first port of arrival. However, they have ports termed I.T. Ports (immediate transport ports) to which goods may be forwarded in bond, without appraisal at the frontier port. In this case the goods must be carefully marked "Forwarded in Bond."

Merchandise, in order to be entered under Immediate Transportation, without appraisal at the frontier, must be destined to a designated immediate transportation port, and must be billed via a port at which merchandise may be entered for transportation to another port without appraisal.

These ports through which goods must be billed and to which they must be consigned may be learned from the transportation company as the lists are too extensive to be given space here.

If goods are destined for a foreign country they are entirely under Transportation and Exportation

entry in bond, in transit, for exportation from the seaboard port.

EXPORTING TO OTHER COUNTRIES

Exporters requiring information regarding invoice forms and Customs Regulations of other countries, applying to goods exported from Canada, should write to Department of Trade and Commerce, Ottawa.

GIFTS TO THOSE ON ACTIVE SERVICE

To be exported as gifts, addressed to members of the armed forces of the British Empire or their Allies, do not require a permit to export.

GOODS TO BE RETURNED TO THE U.S.

Merchants finding it necessary to return goods not according to order and wishing to obtain refund of duty will be required to make out four different forms to accompany the way bill when goods are shipped back. If shipment is over \$100.00 the forms are as follow:

1. "Foreign Owner's Oath" or "Oath of American

Manufacture."

2. American Consular Certificate.

3. Export papers in triplicate.

4. One certified copy of Customs Incoming Manifest.

F.E.C.B. export permit—5 copies.

Where shipment is under \$100.00 the American Consular Certificate and Incoming Manifest are not required.

The intending consignee must send to the U.S. shipper for an affidavit on a prescribed form, mentioned above as the Oath of American Manufacture, declaring the goods to be of United States origin or manufacture, in order that the goods when returned may pass the U.S. Customs without duty.

When this affidavit is received it must be attached to the way bill by the transportation agent here and forwarded along with the goods. This will enable the United States Customs Officer at the frontier to recognize the goods as home manufacture and have them forwarded on to destination without duty. The original U.S. shipper may secure these forms at his Customs, but a better way is for the intending consignee to secure a copy from the local express agent here and forward same to the U.S. firm with all necessary explanation as to line of procedure and thus avoid possible delay.

The American Consular Certificate forms must be obtained from the nearest American Consul, who will send blank forms in triplicate. These must be filled in as required and returned to the American Consul with his fee, when he will return one copy to the intending consignee, who will attach same to way bill with other documents mentioned.

Export entry, procurable from Customs Department, must be made out by consignee in triplicate and attached to way bill together with the Foreign Owner's Oath, Consular Certificate and Incoming Manifest. One copy will remain on file at the port of exit, the second copy goes to the Customs Department and the third copy will be returned by the Customs officer at the Canadian port of exit to the merchant who returned the goods. He will then attach it to the refund of duty claim along with a copy of the way bill as a guarantee that the goods have been returned.

Goods must be in Customs custody within six months of date of importation.

CURRENCY CERTIFICATE OF INVOICE

Importers should, when ordering goods from Britain or any foreign country, instruct the exporter or salesman to always give the value of the goods in the home consumption column of the invoice and to show the same in the currency of the country of export.

Internal taxes should be definitely stated.

The exporter should also be very carefully instructed to place on the invoice the currency certificate.

GOODS SHORT LANDED

In the case of goods duty paid and short received, delivery of same upon subsequent arrival can be obtained, without payment of duty anew, only when the following regulations are observed:—

(a) Notice of the short receipt of goods must be given to the collector in writing within thirty days of entry.

(b) If the goods have been omitted from the shipment, a declaration to that effect must be produced from the exporter.

(c) If a portion of the consignment has been delayed in transit by the carriers, a declaration to this effect will be required from the latter.

(d) No portion of a consignment of goods, duty-paid, in respect of which a short shipment occurs, is to be disposed of by the importer until the appraiser has had an opportunity of checking over the goods.

SETTLERS' EFFECTS ENTRY

Settlers' effects are admitted duty free, if actually owned abroad by the settler for at least six months before his removal to Canada, and subject to regulations prescribed by the Minister.

Provided that any dutiable article entered as settlers' effects may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

Settlers' effects, viz:—Machines and implements

for agricultural purposes, moved by mechanical power, and motor vehicles valued at not more than \$2500 and boats for fishing purposes, if actually owned abroad by the settler for at least six months before his removal to Canada, are free subject to regulations prescribed by the Minister of National Revenue.

Provided that in respect to motor vehicles valued in excess of \$2500 duty shall be payable only on the amount in excess of \$2500.

Provided further that the said machines, vehicles, implements and boats may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

AUTOMOBILES IMPORTED BY NON-RESIDENTS FOR PLEASURE PURPOSES ONLY

1. Automobiles imported by non-residents for their personal transportation may be admitted without the payment of duty thereon, under Traveller's Vehicle Permit (Form E. 50) subject to the following regulations:

On arrival at the frontier Customs port of entry, the driver of the automobile shall report at Customs and apply for a permit. The applicant for a permit shall be a non-resident of Canada and a temporary visitor therein. He or she shall be the owner of the automobile, or a member of the immediate family of the owner, who is also a non-resident of Canada, or shall be able to produce written authority from the owner to use such vehicle.

The automobile shall be admissible only when imported for the use of the non-resident permit holder, for the transportation of such non-resident, his family and guests, and such incidental carriage of articles as may be necessary and appropriate to the purposes of the journey, but not to be used for the transportation of persons or articles for hire, nor in any case primarily for the carriage of articles. The use by any other person than the non-resident permit holder shall result in seizure and forfeiture of the vehicle.

No fee is to be collected for Customs attendance at any time in connection with the entry of travellers' automobiles.

2. *Temporary Admission, forty-eight Hours, at Ports and Outports on the Frontier Only*—In respect of automobiles entering Canada for a stay not exceeding forty-eight hours, when the Collector or Sub-Collector is satisfied that conditions of subsections (a) and (b) of Section 1 are complied with, he is authorized to permit entry upon the owner surrendering his State license card, which will be returned to him on the return journey. In such cases, the use of Form E. 50 may be dispensed with.

3. *Traveller's vehicle Permits for a Period not Exceeding Sixty Days*—In respect of automobiles entering Canada for a period not exceeding sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for a period not exceeding sixty days.

(a) Should a traveller who has been granted a sixty-day permit desire an extension for a further period up to six months from the time of original entry, he may, upon presentation of the permit before the expiry date of same, apply for such extension to any Collector or Sub-Collector of Customs and Excise, who, upon being satisfied as to the bona fides of the use of the automobile may issue a new Form E50 and retain the expired permit for cancellation.

4. *Traveller's vehicle Permits for a Period in Excess of Sixty Days*—If, on reporting at the Customs frontier port of arrival, the non-resident owner of an automobile desires a traveller's vehicle permit for a period in excess of sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for the period designated by the traveller, such period, however, in the first instance, not to exceed six months.

If, through accident, illness or other unusual

circumstances, the exportation of the vehicle at the expiration of six months from the date of the original entry cannot be effected, the matter shall be reported to the Deputy Minister of National Revenue for Customs and Excise, Ottawa, who, if satisfied as to the bona fides of the application, may authorize the extension of the traveller's vehicle permit for such additional period of time as may be necessary, and may specify the conditions under which such extension may be granted, and with what security.

COMMERCIAL VEHICLES

5. *Carrying Passengers Only.*—Automobiles, motor trucks and other motor vehicles may enter Canada and return to the United States without payment of duty on such vehicles when employed in conveying passengers in transit across the frontier, provided they are employed only for through transportation of passengers (either or both ways) between a point or place in the United States and a point or place in Canada. After a careful examination and appraisal has been made of such vehicles to enable the Customs officer to identify them on leaving the Dominion, Commercial Vehicle Permit (Form E. 50-B) shall be issued by the Collector or Sub-Collector on his being furnished with:

(a) a cash deposit equivalent to the duty and taxes payable on the automobile, or

(b) a bond of an approved guarantee company on Form D-3½, or

(c) the special bond of an approved guarantee company on Form D3-A.

On exportation of the vehicle under Customs supervision within a period of thirty days, the cash deposit shall be subject to refund or the bond to cancellation. In default of proof of such exportation within thirty days, the cash deposit shall be taken to account as Customs duty and taxes, and the provisions of the bond enforced.

6. *Carrying Goods.*—Automobiles, motor trucks and other highway vehicles carrying goods (dutiable or not) for delivery to a point in Canada may be admitted under Commercial Vehicle Permit (Form E. 50-B), under the provisions of Section 5 above if proceeding to an interior port with a load (and under the same Section but without requiring a bond if the goods imported thereby are intended for delivery within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required), subject to due entry at Customs at the frontier port of arrival of all goods to be discharged in Canada, and the payment of all duties and taxes to which such goods may be liable, failing which, they must be forwarded in bond under manifest by railway to the port of destination. Provided, however, that goods arriving by highway vehicles entitled to entry on Form B 4 or B 4½ as settler's effects, and goods for bona fide exhibitions, or horses for racing purposes eligible for entry on Form B. 18, may be allowed to proceed to interior destinations under Commercial Vehicle Permit for the vehicle, and manifest Form A-8 for the goods, without convoy; the same privilege may be granted in respect of articles for special use, and horses for breeding purposes, if the report and deposit required under Memo D No. 23 (Revised 1942) and No. 5 respectively, are not made at the frontier, in which case the report, and deposit (if any) shall be made at the port of destination.

(a) The exemption from duty prescribed in these Regulations shall not apply to vehicles used by peddlers with goods for sale, in which case duty and taxes are to be collected, having due regard to the provisions of Tariff Item 1215.

(b) The term "local traffic" used in this Regulation, and in the bond forms established in connection therewith, and the term "through transportation" shall not be held to prevent motor vehicles of foreign origin and not duty paid brought in by non-residents of Canada and Used in the *International Conveyance of Passengers*—from, (i) discharging passengers at different points in Canada on the inward trip, provided such passengers are destined through direct from the point of embarkation to the point of discharge, or (ii) taking on passengers at different points in this country on the outward journey, provided the passengers so laden are destined through direct from the point of lading to a point in a foreign country; *This not to include the privilege of taking on passengers at*

one point in Canada and discharging such passengers of another point therein.

7. *Arriving Empty to Obtain Load for Export at Frontier or Inland Port.*—Automobiles or motor vehicles of foreign origin and not duty paid, being driven into Canada to obtain a load for export, may be admitted under the provisions of Section 6 if proceeding to an interior port for a load, and under the same Section but without requiring a bond if obtaining the load within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required. Export entries must be required in respect of all goods exported by motor vehicle.

8. Automobiles, trucks and other vehicles exported temporarily by residents of Canada.

(a) Automobiles, trucks and other vehicles of Canadian origin, or duty paid in Canada, whether travelling under their own power or transported by rail or ship, may be exported, temporarily, upon execution of Form E-60. This Form (which may be issued and verified at any Port in Canada) and the relative Provincial Motor Vehicle Permit, are required to be shown to Canadian Customs when departing from or returning to Canada. This means of identification permits the car and equipment to be admitted without payment of duty and taxes, except upon the value of repairs and equipment acquired abroad, as noted in paragraph (b).

(b) If it became necessary, because of an accident, to have repairs made abroad in order to enable the vehicle to continue the tour and return under its own power, the compulsory repairs so made shall be exempt from duty and taxes provided that such exemption from duty and taxes shall not be allowed on repairs exceeding \$200 in value, except with the authority of the department. In cases where no accident to the vehicle has occurred, but tire casings or inner tubes, or both, have been replaced in the ordinary course, exemption from duty and taxes may be granted under this regulation on one tire casing and one inner tube only.

(c) If additional equipment is installed and when the Provincial Motor Vehicle Permit expires, a new Identification Form E-60 is required.

9. *Vehicles Carrying Two-way Radio Installations, or "Mobile Telephones."*—Pending international arrangements whereby the apparatus may be utilized in either country, vehicles equipped with mobile telephones may be permitted entry into Canada under Traveller's Vehicle Permits or Commercial Vehicle Permits as the case may be, provided the installations are secured by Customs seals in such a manner as to prevent operation in Canada. After the installation has been placed under seal and noted on the permit form, the vehicle will be allowed to proceed. On report outwards the seal will be removed by the Customs Officer. Should the seal be found to have been broken or removed, the vehicle will be subject to seizure.

10. *Carrying Goods in Transit Only.*—Highway vehicles may enter Canada without payment of duty on such vehicles and return to the United States when employed in conveying goods (dutiable or not) in transit in bond through Canada from one point or points in the United States to another point or points therein, under the following regulations:

(a) Motor vehicle operators desiring to become bonded carriers as provided for in these regulations shall make application to the Department of National Revenue, Ottawa, for the privilege.

(b) Upon the application being approved, the applicant shall be required to submit to the Department the bond of a Guarantee Company acceptable to the Dominion Government in approved form as set forth in Appendix I hereof in a penal sum to be fixed by the Minister not to exceed \$80,000, the bond to remain in full force and effect for a period of twelve months unless revoked prior to expiration, and shall be subject to renewal thereafter annually with the approval of the Department.

11. *In Transit Movements by Highway Through the United States.*—Canadian highway vehicles may enter the United States and re-enter Canada without payment of duty on such vehicles when employed in conveying passengers and their baggage and/or merchandise in transit in bond through the United

States from one point in Canada to another point therein under certain regulations.

For further regulations, Consult Collector of Customs at nearest port.

NON-RESIDENTS FOR PLEASURE PURPOSES AIRCRAFT IMPORTED TEMPORARILY BY

1. Advance notice of arrival:

(a) Prior to departure for Canada from a foreign airport, advance notice of date and approximate time of arrival shall be given to the proper officer of Customs.

(b) Advice to Customs officers as to time and place of first arrival at a Canadian Customs airport shall be forwarded by mail, telephone or telegraph. If considered advisable, the tourist may request the Canadian Customs officer to furnish a reply, which can then be carried into Canada by the pilot. The importance of this will be realized when one considers the possibility of overflying the intended airport or landing at another place by mistake, or making a forced landing, in all of which cases the reply from the Canadian Customs Officer will assist in establishing the bona fides of the tourist in making his report to Customs or the Royal Canadian Mounted Police, as the case may be. Without such a telegram the tourist's presence at a place where no advance notice of his arrival had been received might render him subject to suspicion.

(c) Advance notice as referred to above will not be necessary if first landing is to be made at Dorval Airport, Montreal, P.Q., at which point 24-hour service is maintained.

2. Formalities on landing:

(a) First alighting of the aircraft shall be made at a Customs airport or airfield designated as such by the Department.

(b) On arrival, the owner or pilot of the aircraft shall report to the proper officer of Customs.

(c) Provided he is satisfied that the aircraft is being imported and will be used by a non-resident for purposes of health and pleasure only and not for trade or profit, the Customs officer may issue Permit Form C-15 for a period not exceeding 3 months.

(d) Should subsequent landings be made in Canada prior to final departure, no report at Customs is necessary provided the owner or pilot is in possession of a valid Form C-15. However, he shall produce the same to Customs or airport officials, or police authorities, on request, as evidence of his right to alight without report at Customs.

3. Formalities on departure:

The owner or pilot of the aircraft shall, prior to the final take-off for departure from Canada, which shall be made from a Customs Airport or Airfield designated as such by the Department, report to the proper officer of Customs and surrender Permit Form C-15.

AIRCRAFT EXPORTED TEMPORARILY TO THE UNITED STATES, ALASKA AND NEWFOUNDLAND BY CANADIAN RESIDENTS FOR PLEASURE PURPOSES

4. In simplifying the requirements for the reporting of pleasure aircraft the Department has waived the necessity of the pilot (or tourist) furnishing written outwards and inwards reports in respect of aircraft under Canadian registry owned by residents of Canada and operated by them for purposes of private flying only and not for the transportation of goods or passengers for gain or hire. Departure must be made from, and the first landing on return must be made at, a Customs airport or airfield of entry and exit.

It is obvious that some means of identification of Canadian machines must be provided in order that the way may be open for their return without being liable to assessment of duty and taxes.

The Department has authorized a special identification form (Form E. 61) for this purpose. Particular attention should be paid to the fact as to whether or not the aircraft is supplied with heater, radio, etc. Note of the serial numbers of the tires, engine and propeller should be taken.

TRAVELLERS' BAGGAGE

5. *General Provisions*—Wearing apparel, articles of personal adornment, toilet articles and similar personal effects of persons arriving in Canada may be passed free, without entry at Customs, as travellers' baggage, under the provisions of the Customs Tariff, but this provision shall include only such articles as actually accompany and are in the use of and as are necessary and appropriate for the wear and use of such persons for the immediate purpose of the journey and present comfort and convenience, and shall not be held to apply to merchandise or articles intended for other persons or for sale. *Merchandise for Sale, when brought into Canada as baggage, is subject to duty and to entry at Customs in the same manner as goods imported by freight or express.*

6. *Tools of Trade*—Usual tools of trade, occupation or employment of a workman, previously used by him, if imported for his personal use and actually in his possession at the time of his arrival in Canada may be admitted free as Travellers' Baggage.

RETURNING RESIDENTS' EXEMPTION \$100

7. Under the provisions of the Customs Tariff, free entry is granted in respect of "goods valued at not more than one hundred dollars included in the baggage accompanying residents of Canada returning from abroad after an absence from Canada of not less than 48 hours and acquired by them for personal

or household use or as souvenirs or gifts, but not bought on commission or as an accommodation for other persons or for sale, under regulations prescribed by the Minister, provided that a resident of Canada shall not be entitled to the exemption herein granted within a period of four months from the date of the last exemption allowed, nor shall the exemption be allowed on alcoholic beverages in excess of one quart, or on tobacco in excess of fifty cigars, two hundred cigarettes and two pounds of manufactured tobacco.

The following regulations have been prescribed by the Minister:

(a) All goods in respect of which exemption is claimed shall be declared in writing on Customs Declaration Form E. 24, in duplicate, unless the total value upon which exemption claimed does not exceed \$5.

(b) The exemption granted shall be limited to goods actually accompanying a returning resident of Canada and brought in by him as baggage at the time exemption is claimed.

(c) A person who has been allowed exemption of less than \$100 on a previous occasion shall not be entitled to add to the amount of a subsequent exemption the difference between the amount previously allowed and full exemption.

(d) Goods belonging to one person cannot be included in the exemption claimed by another.

(e) Returning residents must state in their declaration in Canadian currency the price actually paid for all goods purchased abroad in respect of which exemption is claimed, and must state a fair market value for all goods obtained abroad other than by purchase, such as gifts. The purchase price or value stated is not necessarily the value for duty, but must be declared in order to assist the appraising officer in arriving at the correct value for duty. To facilitate appraisal invoices or sales slips should be presented where possible.

(f) If personal effects or goods taken abroad be advanced in value or improved in condition while abroad by reason of repairs or alterations further than that necessarily incidental to wear and use while abroad, the cost or value of such repairs or alterations is subject to duty. Such cost or value may, however, be included within the \$100 exemption.

(g) In cases where goods for which exemption is claimed have a combined value of over \$100, exemption is to be applied, where practicable, to the goods subject to the highest rates of duty.

(h) All dutiable goods obtained abroad for which exemption cannot be allowed, must be entered at customs and duty paid in the ordinary course.

(i) These regulations shall not be construed to be applicable to any goods the importation of which is prohibited, except as specifically provided for in Tariff Item 703 (b).

REGULATIONS GOVERNING TEMPORARY ADMISSION OF ARTICLES FOR SPECIAL USE

1. (a) The Department has authorized the use of Temporary Admission Report Form E-29, under which certain specified articles may be permitted entry without payment of duty and taxes. Provision is made on the Form for a computation of the amount of duty and taxes properly payable, and a cash deposit of an amount equal to that sum is to be supplied, unless otherwise stipulated. The E-29 must be surrendered by the holder and exportation must be made within six months from the date of entry (unless otherwise provided for), and any cash deposit which may have been furnished will then be subject to refund, otherwise it will be taken to account as duty and taxes. The goods must be identified by a Customs Officer prior to exportation.

(b) Although the furnishing of a deposit may be required by the regulations, any Collector of Customs may, in his discretion, waive its collection if the imported articles entered under Form E-29, are to be used within the limits of his own port, under such precautions or provisions as he may consider necessary to secure the due exportation thereof immediately after such use.
